

Gustine ISD School Health Advisory Council
4/17/2020 Meeting Minutes

The School Health Advisory Council met for the 4th and final meeting of the 2019/2020 school year via email communication due to the COVID-19 social distancing requirements.

Agenda, previous minutes, and reports were sent via email and/or postal service to members. Reports included::

- a. **Sweetheart Breakfast**-held on Friday, February 14. There were 45 guests who participated in the breakfast. This was about 30 less people than who had signed up. We believe that the seasonal flu was a big factor in the turnout.
- b. **Cowtown 5K**- held on Saturday February 29th. A total of 67 people participated in the 5K. 54 students, 10 staff members, 3 parents. Numerous other parents came in support of their students. The weather was perfect for the race and we placed 11th in the team division. Emma Miller placed first in her age division. Students were treated to a meal prior to returning home due to the generous donation from community members. A total of \$1852 in donations was received

The following results from the School Health Index were given.

- **Module 6- School Counseling, Psychological, and Social Services:** The district has tapped into several local agencies when a psychological need arises and the Council does not feel there are needs at this time.
- **Module 8- Physical Environment:Score:** No current needs at this time.
- **Module 9- Employee Wellness and Health Promotion-** The Council feels that promoting the Comanche County Medical Center's *Wellness Program* with all district employees will meet the needs in this area.
- **Module 11- Community Involvement:** Research will be done to locate available local out-of-school programs that promote health.

The Annual Report was approved with the addition of the results determined from Modules #9 and #11 from the SHI and will be submitted to the School Board at the May board meeting.

Members were thanked for giving of their time to serve on the Council by Mrs. Connel.
